

Week 5: Art Jobs

You may complete one activity or all for your Week 5 Art Assignment. Please fill in your Elementary Special Area Log for art and submit through Canvas or email. If you would like to share an image of your work with Mrs. Edwards, you may do that as well.

Textbook Illustrator

We all know that an illustrator draws pictures for a story. A textbook illustrator creates the pictures in your science, math, social studies and reading textbooks at school. Think about something you are learning about in science. Draw and label a picture that would go with what you are learning. Could you put it in a Science textbook?

Photographer

3 Picture Challenge

1. Take a picture of something interesting you see outside.
2. Take a picture of your pet (no pet, then use a stuffed animal).
3. Take a picture of something you can eat.

Fashion Designer

If you could design a new shirt for Manatee Cove Elementary what would it look like. Draw your idea on paper and color it if you can.

Have a printer? Print out the blank shirt on the next page and add your design!

If you or your student are having trouble with any of these activities, please contact Mrs. Edwards at jeedward@volusia.k12.fl.us or feel free to make your own activity.
